# Lunch & Learn

## Exterior Building Sciences

**MONDAY, JAN. 20, 2014**

**LUNCH PROVIDED 11:30AM - 1PM**

**Medinah Shriners Banquet Center, 550 N. Shriners Drive in Addison, IL**

ZIP IT TIGHT: The Fastest Way to the Perfect Tight House. Discover ZIP System® Sheathing and Tape. It's a one-of-a-kind structural roof and wall system with a built-in energy-efficient barrier that keeps moisture out and reduces air leakage, while still allowing panels to properly dry. Plus, it goes up in just two easy steps: 1. Install the panels, 2. Tape the seams. Fewer steps results in 40% faster installation when compared to traditional housewrap and felt.

ADVANTEC: Beyond providing superior strength and moisture resistance for your floors, AdvanTech® Roof and Wall Sheathing is available to bring the same level of quality to the rest of your build. Now you can cover an entire home with the strength and protection builders rely on when they see the AdvanTech logo.

**Please RSVP to [rsvp@hineslumber.com](mailto:rsvp@hineslumber.com)**
