SERVICES

WINDOWS & INSTALLED SERVICES

When it comes to window installations, trusting the experts at Hines Supply is a decision that will undoubtedly pay off. Our team of dedicated specialists will manage every step of the process, from the initial consultation and measurements to the final installation and clean-up. Our seamless process ensures a hassle-free experience for our customers, saving you time and money.

With decades of experience and extensive product knowledge, our skilled professionals can handle even the most complex projects with ease. We're also licensed and insured, giving our customers peace of mind. Plus, we offer competitive pricing without compromising quality.

Let Hines handle your residential or commercial window installation project, and experience firsthand the unparalleled service and exceptional results that we're known for.

OUR PROCESS:

Window installation has never been easier! We offer tailored solutions for every project and have a team equipped to take charge of the entire process, liaise with your team, or simply handle the installation.

- Consultation to review project scope, timeline & needs
- Window selection assistance
- Onsite measurements
- Material take-offs & quotes
- Window delivery scheduled
- Installation coordinated (all necessary installation materials provided)
- Hines field supervisor on site during day of install
- Completion form provided by installers
- Post installation clean up
- Service department for after-sales support

TESTIMONIALS

"The Hines window department has been great to work with. The installers are knowledgeable and professional. All of my needs are addressed quickly, and any issues are typically resolved the same day. It's important to have a partner I know I can depend on."

- Luke Plowman, Lexington Homes LLC

"Hines has been a true asset on all our building projects and provide exceptional service. Their team of project managers are great communicators and pay attention to the details. Our installation projects are completed on schedule and run smoothly. They are a valuable partner from start to finish."

- Ian H., Icon Building Group
